

Creating an Endowed Fund

Endowed funds allow you to make a lasting difference at Humboldt State University. They are designed to ensure your gift continues to strengthen education for future generations of students.

Funding from the Cliff and Sandy Allenby Endowment provided the Kinesiology Department the ability to purchase 3-Dimensional Digital Motion Capture Cameras for their Biomechanics Lab.

and educational programming

The Cliff and Sandy Allenby Endowment

Cliff Allenby created the endowment to honor his wife, Sandy, and to support Humboldt State University, which played a special role in their lives. Since its creation in 2010, the Cliff and Sandy Allenby Endowment has supported the University's highest priorities, including classroom equipment upgrades, student travel, and hands-on learning.

Creating an Endowed Fund

How does it work?

1. Contribute by making a gift in cash, securities, real estate, or planned gift.
2. Receive a tax deduction in the year you make the gift.
3. An annual distribution is made for the purpose that you have designated.
4. Because the principal remains intact, the fund will generate support in perpetuity.

Endowment Funds: An Act of Generosity and Vision

With a gift or gifts totaling \$25,000 or more, you can establish an enduring, permanent endowed fund to provide a consistent flow of support to students and allow the university to plan into the future. When you establish the endowment, you can designate the annual distribution to fund a scholarship, support an award or assistantship, or strengthen a department or program.

What are the benefits of creating an endowment at Humboldt State?

- Your gift supports HSU and its students in perpetuity.
- You have the opportunity to support a priority that is most important to you.
- You may name the fund to pay tribute or honor a loved one.
- You can be proud of supporting the future of education at HSU.
