

# Creating a Scholarship

## *Transform a Student's Life*

### How does it work?

1. **Contribute** by making an initial gift in cash, securities, or real estate.

### Establish a Non-Endowed Named Scholarship

With a minimum gift of \$2,000, you can create a named scholarship that can be renewed each year through annual gifts. This is a nice way to give a memorial or honorary gift. It's an opportunity to honor your family, remember a loved one, or bring visibility to your business.

### Establish an Endowed Scholarship

With a gift, or gifts, totaling \$25,000 or more, you can establish an enduring, permanent fund intended to generate at least \$1,000 annually. Endowments are permanently invested funds and the annual income can be used to fund a scholarship.

2. **Receive a tax deduction** in the year you make the gift
3. **Students are selected** based upon the criteria you have created
4. **Scholarships are awarded** to students, helping to fulfill their dreams of an education
